Description of Problem

Please include a detailed description of the issues, as well as a description of and a copy of any professional studies, citations or reports from government entities, recommended solutions, and any cost information or estimates. If additional space is needed, please attach.

The fire alarm system at this school is a Simkplex System that is not capable of handling any more additions to the system. We have had many problems with this sytem and have spent money to repair many times. The building has had two additions and a total of four new classrooms. When these additions were done the district was told by A&M Fire Alarm, B&W Fire Alarm Company that the system needs tobe replaced, "that it has out lived it's life cycle.

Project Category: Special Systems

Are any of the above-described issues in buildings or part of buildings that are leased to another entity, including a district sponsored charter school? N
